

Item No. 5227

USB Orb™ Diffuser

Its compact and spill-proof design makes Young Living's USB Orb Diffuser suitable for the office, your car, at home, or anywhere you have a USB port. This diffuser functions as an air purifier and aroma diffuser in one simple-to-use product. Its ultrasonic technology transforms water and essential oils into a vapor of millions of microparticles, dispersing into the air the powerful plant constituents found in Young Living essential oils.

Complementary Products

- Lavender Essential Oil
- Thieves® Essential Oil Blend
- Purification® Essential Oil Blend

Primary Benefits

- Helps reduce bad odors when used with Young Living's effective, all-natural essential oils
- Spill-proof design makes it ideal for the office or the car
- Transforms any space into an inviting, aroma-filled environment
- Creates a relaxing atmosphere of peace and harmony

Suggested Use

Simply add water to the base, presoak an enclosed wick with water, add 5–6 drops of essential oil to the wick in the cartridge, attach the top to the base, and turn on the power for intermittent or continuous diffusion.

Cleaning

For optimal performance, clean after every 10 hours of use to prevent clogs or buildup on the internal parts.

1. Remove the oil diffuser cartridge and empty the water. Use a damp paper towel and gently wipe clean the components where essential oil may have accumulated (repeat this step if necessary).
2. Do not mix oils on the same wick. Replace the used wick with a new one when changing oils. Air dry the used wick if the same fragrance will be used again at a later time.
3. Use a wet cotton swab to gently clean the mist output area.

Note: Never submerge the unit in water.

Cautions

- Keep out of reach of children and pets.
- If you are pregnant, nursing, taking medication, or have a medical condition, consult a health professional prior to use.
- For all other safety and care information, refer to the USB Orb Diffuser Operation Manual.

Did You Know?

- Diffusion disperses essential oils into the air without heating or burning, unlike aroma lamps or candles that reduce the benefits and can even emit toxic compounds.
- The USB Orb Diffuser runs for up to 4.5 hours.

Why Use the USB Orb Diffuser?

- **Spill-Proof:** The USB Orb Diffuser is spill-proof, making it extremely portable and ideal for use in the car or next to a computer.
- **Quiet:** The USB Orb Diffuser is virtually noise free.
- **Two Modes:** The diffuser has intermittent (blue light) or continuous (green light) settings.
